Skills

SQL, TSQL, SQL Server, JavaScript, HTML, CSS, JQuery, React JS, Database, System Design, Bilingual in English and Spanish.

Experience

Programmer Analyst - (COBOL Specialist) - *FIS GLOBAL*, Jacksonville, FL(Remote)   August 2022 - April 2024

- Led the conversion of EZT programs to COBOL, resulting in an improved completion rate by 30 percent.
- Developed and managed sequential and VSAM files, ensuring data integrity and performance for testing and program execution.
- Designed and implemented JCLs to automate program execution, file sorting, and merging processes.
- Facilitated training to newer developers for file creation which was used for testing of Cobol programs.
- Collaborated with developers to create detailed documentation to prevent repetition of errors and guide newer developers.

Database Administrator - *SQL DATA PARTNERS*, Richmond, VA(Hybrid)   September 2020 - May 2022

- Proactively managed and diagnosed the health status of multiple servers in SQL Server Management Studio utilizing SolarWinds Monitoring Services for clients in agriculture, healthcare, and ecommerce with 24/7 services as needed.
- Wrote and modified stored procedures and created SQL Server Agent jobs to improve servers for clients.
- Organized client projects and company procedures with detailed documentation.
- Created and modified ETL/SSIS packages inside of Visual Studio for clients to migrate data from Excel to SQL Server and vice versa using C#.
- Designed Data Visualization reports using SSRS to better track data backup completion for clients

Internship / SQL Developer - *BROWNGREER PLC*, Richmond, VA(Remote)   May 2020 - August 2020

- Collaborated with a data architect to improve T-SQL skills, contributing to the modification and improvement of stored procedures.

Education

BS in Software Engineering - *BRIGHAM YOUNG UNIVERSITY - IDAHO*, Rexburg, ID   September 2017 - December 2020

- Relevant coursework: Business Analysis, Database Management, Software Development, SDLC, Waterfall, Agile Scrum, Data Structures, Algorithms, and Object-Oriented Programming
